

Prevention Needs Assessment

1. Prevention (Incorporated Document 15) Does the provider partner with community collations to obtain their Needs Assessment Logic Model and confirm that their current programs are aligned with community substance abuse problems?
2. Prevention (Incorporated Document 15) Does the provider maintain a formal relationship with the local coalition outlined by an annually negotiated Memorandum of Understanding?
3. Prevention (Incorporated Document 15) Does the prevention program target the substances identified in the needs assessment for the relevant county(ies)?
4. Prevention (Incorporated Document 15) Does the prevention program target the population(s) identified in the needs assessment as most at-risk for the relevant county(ies)?
