Indigent Psychiatric Medication Program, known as the Indigent Drug Program (IDP)

Authority: Section 394.676, F.S. and 65E-16, F.A.C.

Frequency: Annual Monitoring

Due Date: N/A

The Indigent Psychiatric Drug Program (IDP) was created to assist uninsured indigent individuals gain better access to prescription medications. Network Service Providers contracted for IDP services must comply with the requirements of this Incorporated Document.

The IDP serves adults with serious mental illnesses and persons with co-occurring substance use and mental health disorders who meet financial eligibility criteria as outlined in Attachment I of this contract. IDP may be used to order additional psychotropic medications from the IDP "warehouse" or a pharmacy of choice (for urgent needs). IDP Network Service Providers are required to actively participate in patient assistance program (PAP) for medication offered by pharmaceutical manufacturers. Medications from PAP must be exhausted before use of IDP is permitted.

The purpose of this guidance document is to:

- Establish IDP administration procedures;
- Provide written guidelines to the Managing Entities and IDP Providers; and
- Establish Florida State Hospital's (IDP/FSH Warehouse) medication order guidelines and processes for receiving, storing, and shipping IDP medications.

Definitions

- **IDP Dispensing Unit:** A pharmacy holding a current permit from the Florida Board of Pharmacy that dispenses medication for the IDP.
- **IDP/FSH Warehouse:** A physical space located on the campus of Florida State Hospital (FSH) at Chattahoochee, Florida. This space is reserved for receiving, storing, and shipping IDP medications.
- **Inventory:** A listing of medications available through the IDP/FSH Warehouse that agencies that participate in the IDP can use to order medications. An inventory is also known as a formulary.
- Patient Assistance Program (PAP): Any program offered through private agencies or pharmaceutical manufacturers designed to provide medication at low or no cost to uninsured individuals.
- Psychiatric or Psychotropic Medication: Any drug prescribed with the primary intent to stabilize
 or improve mood, mental status, behavioral symptomatology, or mental illness. The medications
 include the following major categories:
 - Antipsychotics;
 - Antidepressants;
 - Anxiolytics;
 - Mood stabilizers; and
 - Cerebral or psychomotor stimulants.
 - Other medications commonly used may include, beta blockers, anticonvulsants, cognition enhancers, and opiate blockers.
- Side Effect and Adverse Drug Reaction: Any effect other than the primary intended effect
 resulting from medication treatment. Side effects may be negative, neutral, or positive for the
 individual. An adverse drug reaction is an undesired or unexpected side effect, allergy, or toxicity

that occurs with the administration of medication. Adverse drug reactions can range from mild side effects to very severe reactions, including death. Onset may be sudden, or it may take days to develop undesired or toxic reactions to medications.

The role of the Network Service Provider is to:

- 1. Assess and enroll individuals in the IDP who meet the clinical and financial criteria established in Chapter 394, F.S.
 - To meet the clinical criteria, individuals:
 - Must be a member of at least one of the Department's priority populations; and
 - Must not reside in a state mental health treatment facility or an inpatient community unit.
 - To meet the financial eligibility criteria, individuals:
 - Must have a net family income that is at or below 150 percent of the Federal Poverty Income Guidelines, as published annually in the Federal Register;
 - Must lack third-party insurance or other psychotropic medications funding sources; and
 - Must not participate in a program where other funding sources pay for psychotropic medications. If individuals have third party insurance for psychotropic medications but were temporarily denied benefits for these medications, they may receive IDP medications until such time as coverage or eligibility is reestablished.
- 2. Establish and document client's eligibility in the individual's chart;
- **3.** Provide information to individuals and staff working with IDP individuals regarding adverse effects, side effects, possible allergic reactions, and instructions on what to do in case of an emergency;
- **4.** Submit updated information to the IDP/FSH Warehouse and to the Managing Entity with the first medication order, and ensure that the following information is updated as needed:
 - The providers' IDP contact information including name, e-mail, and phone number;
 - The authorized person's name who approves the Supply Requisition (See Appendix 1); and
 - A copy of the pharmacy license(s). Keep a copy of the license and the permit issued in accordance with the requirements specified in s. 499.012(1)(d), F.S.
- **5.** Use the Supply Requisition (See Exhibit B) obtained via email from the IDP/FSH Warehouse to place orders:
 - Submit orders only as needed;
 - Order no more than 12 different medications in each requisition; If ordering more than 12 different medications in one order, use an additional Supply Requisition;
 - Fax or e-mail the completed, signed, and approved Supply Requisition directly to the IDP/FSH Warehouse; and
 - Pay line of credit surpluses to IDP/FSH Warehouse before the Warehouse processes new orders.
- **6.** Submit the last order and payment before May 15 of the fiscal year;
- 7. Enter DEMO for each participant in Managing Entity Data System and submit a list of Persons Served to the Network Manager, using the template provided, by the 10th of the month following service delivery. Network Service Providers should submit a service using the IDP OCA (MH076) with the Incidental Expense covered service (28) and the actual dollar amount for the units. When billing for incidental expenses, the Network Service Provider shall follow F.A.C. 65E-14.021(4)(k)4.b.(V).
- **8.** Review all orders for accuracy
 - Review the medication with the Issue Document (See Exhibit C) to ensure accuracy;

- If discrepancies are found, call the IDP/FSH Warehouse within 24 hours or email the Issue Document with corrections; and
- Retain a copy of the Issue Document.
- **9.** Ensure that IDP prescriptions meet the following conditions:
 - An appropriate prescription for a 90-day supply may be written with up to 3 refills. One prescription cannot cover more than a 90 day supply;
 - Must be listed on the IDP Inventory; and
 - Must be filled at an IDP pharmacy.
- **10.** Actively participate in Patient Assistance Programs (PAP) that provide psychiatric medications without cost;
- 11. Review updated video presentations for medication guidelines or read the adult medication guidelines available through the Florida Mental Health Institute (FMHI) of the University of South Florida's Medicaid Drug Therapy Management Program for Behavioral Health, found at: http://flmedicaidbh.fmhi.usf.edu/
- 12. Review and validate the IDP/FSH Warehouse monthly statements.
- **13.** Address emergency situations, including but not limited to:
 - Order additional psychiatric medications from either the IDP/FSH Warehouse or a pharmacy of their choice (for urgent needs); and
 - Pay dispensing fees to IDP Dispensing Unit for individuals who cannot afford them.
- **14.** Implement medication receiving, storage, and administrative procedures that meet the current State approved prescribing instructions pursuant to s. 465.035, F.S.; and
- **15.** Contact via telephone or e-mail the IDP/FSH Warehouse to cancel backorders or portions of backorders; provide the Supply Requisition number.
- **16.** IDP Providers may:
 - 1. Return outdated medications:
 - For inventory management purposes include a packaging slip that contains an itemized medication list; and
 - Clearly mark the package as outdated.
 - 2. Return overstocked medications:
 - Complete the Supply Requisition. Under the remarks section of the requisition state that overstocked medications are returned for credit and explain the reason for returning the medications;
 - Mail medications in package(s) clearly marked as overstocked; and
 - Only return unopened medications.
 - 3. Submit a check to the IDP/FSH Warehouse accounting office to prepay orders to extend the line of credit. The remaining line of credit cannot be carried over into the next fiscal year.

The role of IDP/FSH Warehouse is to:

- 1. Process Supply Requisitions.
- 2. Mail back the packages to the providers that return their medication with an incorrect or incomplete Supply Requisition
- 3. Provide monthly statements to the Managing Entity no later than the 10th of the month following the end of the quarter. The statements will list each provider's approved line of credit and balance. If providers submit orders after the lines of credit have reached a zero balance, the IDP/FSH Warehouse accounting office will:
 - Calculate the actual cost of the order; and
 - Notify the provider of the cost.
- 4. Release provider's line of credit as follows:

- Deduct administrative costs from provider's remaining line of credit to process orders;
- Bill the difference to providers during the first three quarters of the fiscal year if the cumulative order(s) amount exceeds the quarterly release;
- Hold future order shipments if payment is missing; and
- Call or email providers if orders exceed its line of credit during the fourth quarter.
- 5. Accept any returned medications with a minimum of a nine-month shelf-life left prior to their expiration dates upon receipt at the IDP/FSH Warehouse:
- 6. Reject partially used medications, regardless of the expiration date;
- 7. E-mail providers the monthly Financial Report that shows their account credit amount;
- 8. Generate the Issue Document (See Exhibits C and D) to include actual costs billed for the medications;
- 9. Attach an Issue Document form to any backorders;
- 10. Submit copies of the Issue Documents to the pharmacies that receive the medication orders;
- 11. Not give credit to providers for returning outdated medications; and
- 12. Not accept orders or payments submitted after May 15 of the fiscal year.

The role of the Office of Substance Abuse and Mental Health (SAMH) is to:

- **1.** The Office of SAMH will determine the IDP provider line of credit based on available resources and actual utilization including:
 - Previous fiscal year's annual line of credit;
 - Monthly expenditures;
 - End of year balance; and
 - Funds from other funding sources expended on IDP medications

The role of the Managing Entity is to:

- 1. Approve organizations requesting to become IDP providers. To be eligible, organizations must be under contract with the regional Managing Entity.
- 2. Each July, provide a list of approved IDP providers to the Department's Office of Substance Abuse and Mental Health (SAMH) and provide updates when there are changes.
- 3. Report bulk purchases into FASAMS. Using the EVNT (non-client specific file upload) contractors should submit a service using the IDP OCA (MH076) with the Incidental Expense covered service (28) and the actual dollar amount for the units.
- 4. Ensure that agreements between IDP providers and participating pharmacies are current and executed
- 5. Ensure that IDP providers use IDP funds for individuals who meet the criteria.
