home. Brooke
was b...

Foundational Concepts

1. Addiction is not a moral failure.
2. Addiction is treatable. Treatment works. People recover.
3. Addiction is complex and the solution is systemic.

A Recovery Ecosystem

Pre-treatment

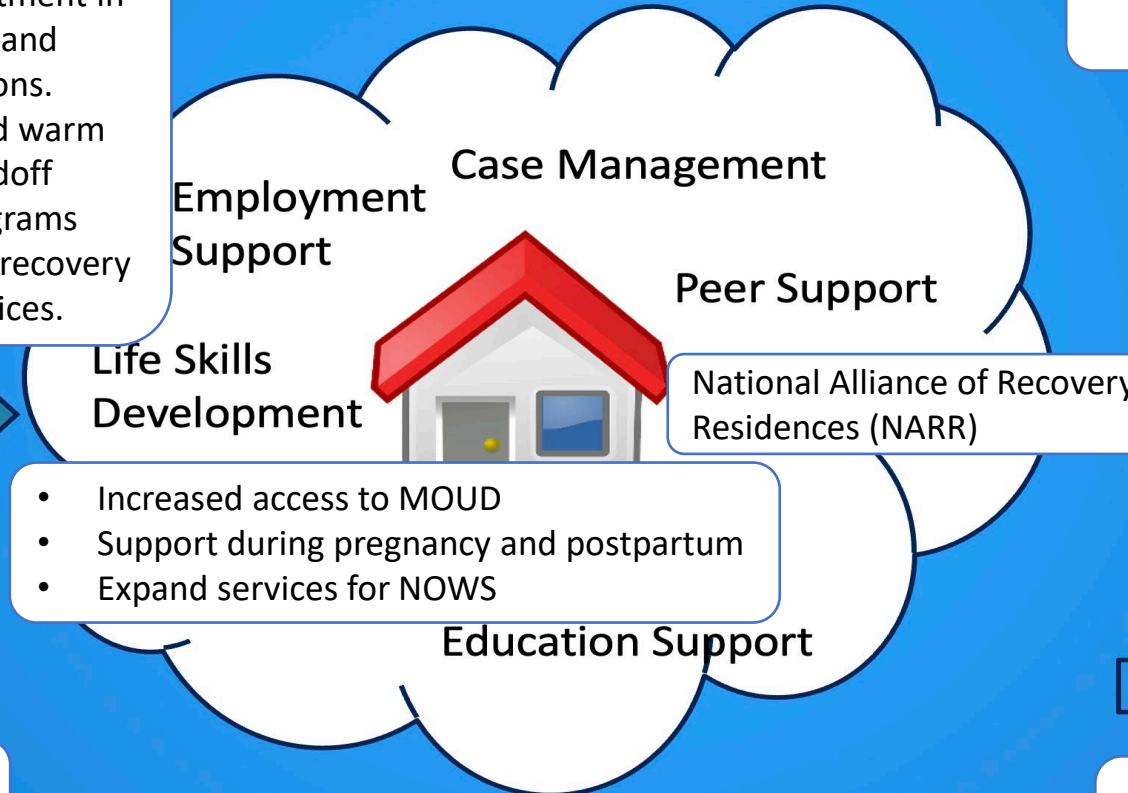

- Access to Naloxone
- SSP
- VRLAC

Referral Sources:

- Criminal Justice
- Treatment Providers
- Counselors
- Community Support Groups
- Self-directed

Transparency and involvement of people with lived experience

- Improve treatment in jails and prisons.
- Fund warm handoff programs and recovery services.

Enrich prevention strategies (not DARE)

Support data collection and continuous quality improvement

Building Recovery Capital
