

State Opioid Response (SOR)

Requirement: The Office of Substance and Abuse and Mental Health (SAMH)
Contract

Frequency: Ongoing

Due Date: Ongoing

I. Purpose

To ensure the implementation of the State Opioid Response (SOR) Project pursuant to Substance Abuse and Mental Health Services Administration (SAMHSA) Grant Number TI085766. The Managing Entity shall require that SOR funded providers adhere to the service delivery requirements herein. The purpose of the SOR Grant is to address the needs of individuals with opioid or stimulant misuse and use disorders by increasing access to medication assisted treatment, evidence-based programs, and other necessary recovery support services including expansion and support for Recovery Community Organizations, Oxford Houses, and naloxone saturation. The SOR project is a collaboration between the Department, Managing Entities, subcontracted Network Service Providers, and other nonprofit organizations and system partners to ensure access is available to treat opioid and stimulant misuse and use disorders, provide community and school-based prevention services, as well as ensure access to a broad array of recovery support options that follow the principles and values of a Recovery Oriented System of Care. For additional information on ROSC please visit the ROSC page on the Department's website or see **Guidance Document 35, Recovery Management Practices** or **LSFHS's Incorporated Document 36 – Recovery Management Practices**. The SOR Resource Guide will provide additional details and is referenced throughout this document.

The goals for Grant Number TI085766 (SOR-3) are:

- A. Reduce numbers and rates of opioid-related deaths.
- B. Prevent opioid and stimulant misuse.
- C. Increase access to the most effective treatment and recovery support services for opioid and stimulant use disorders.

II. Eligibility Criteria:

To be eligible for SOR program services, individuals must meet all the following criteria:

- A. Be indigent, uninsured, or underinsured.
- B. Identified as having an opioid or stimulant use disorder or as having misused opioids or stimulants.

III. Allowable Covered Services

Allowable expenses include the following Covered Services as defined by Rule 65E-14.021, F.A.C.:

- A. Aftercare.

- B. Assessment.
- C. Care Coordination.
- D. Case Management.
- E. Crisis Support/Emergency.
- F. Day Care.
- G. Day Treatment.
- H. Drop In/Self-Help Centers.
- I. HIV Testing and Referral to Treatment (HIV Early Intervention Services).
- J. Incidental Expenses.
- K. Information and Referral.
- L. In-Home and On-Site.
- M. Intensive Case Management.
- N. Intervention.
- O. Medical Services.
- P. Medication-Assisted Treatment.
- Q. Outreach.
- R. Outpatient.
- S. Prevention- Indicated, Selective, Universal Direct, and Universal Indirect.
- T. Recovery Support.
- U. Residential Levels I, II, III, and IV.
- V. Respite Services.
- W. Substance Abuse Inpatient and Outpatient Detoxification.
- X. Supported Employment.
- Y. Supportive Housing/Living

Additional details on allowable expenses can be found in the SOR Resource Guide.

IV. Network Service Provider Responsibilities

Each Network Service Provider shall work to increase access to treatment for opioid and stimulant misuse and use disorders including increasing access to medication assisted treatment, evidenced-based

prevention programs, and expanding recovery support services. Activities to support these responsibilities include:

A. Subcontract Requirements

Network Service Providers are to deliver any service(s) in the array specified in Section III and further detailed in the SOR Resource Guide. Required reports should be submitted on time as outlined in Section VI. The Network Service Providers shall:

1. Comply with all SAMHSA required data collection.
 - a. Complete the Government Performance and Results Act (GPRA) tool on each individual receiving treatment or recovery support services as outlined in the SOR Resource Guide.
 - b. Enter GPRA data into the Web Infrastructure for Treatment Services (WITS) no later than seven days after the GPRA is conducted.
 - c. Ensure individuals who are receiving treatment and recovery support services funded by the SOR grant and are part of the evaluation using the GPRA, are aware of the data collection process and have consented to be part of the evaluation.
 - d. Subcontract Providers will provide Tier 1 support to their staff.
 - e. Managing Entities will provide Tier 2 support to their Network Service Providers. A description of support tiers can be found in the SOR Resource Guide.
 - f. Document incentive distribution. A \$30 noncash incentive may be provided to individuals who complete the 6-month follow-up GPRA.
 - g. Provide technical assistance to Network Service Providers when follow-up GPRA compliance rates fall below 80%.
2. Recovery Community Organizations (RCOs) shall perform the following tasks.
 - a. If the RCO has a SOR-funded Recovery Data Platform (RDP) license, all data must be entered by the 18th of each month.
 - b. Use the Recovery Capital Scale and Brief Assessment of Recovery Capital when working with individuals to build their recovery plan.
 - c. Complete and submit a monthly activity report as outlined in **Section VI**.
3. Jail and hospital bridge programs will submit monthly reports as outlined **Section VI**.
4. Enter services into KIS by the 8th of each month. A complete list of covered services is outlined in **Section III**. A list of covered services and Other Cost Accumulators (OCAs) can be found in the SOR Resource Guide.

B. Prevention

1. Evidenced-Based Prevention Programs

The primary prevention services funded under this project must have evidence of effectiveness at preventing opioid misuse, stimulant misuse, or other illicit drug use. The list of approved, evidence-based programs that providers can choose from are as follows:

- a. Botvin LifeSkills (including the Prescription Drug Abuse Prevention Module)

- b. Guiding Good Choices
- c. Positive Action
- d. Teen Intervene
- e. Caring School Community
- f. Project SUCCESS
- g. Strengthening Families Program (for Parents and Youth 10-14)
- h. SPORT Prevention Plus Wellness
- i. Project Towards No Drug Abuse
- j. InShape Prevention Plus Wellness
- k. PAX Good Behavior Game

Managing Entities may also request to implement evidence-based programs not listed, to be reviewed and approved by the Department. Requested evidence-based programs should include experimental or quasi-experimental research demonstrating statistically significant reductions in substance use outcomes regarding the program they would like to utilize. For additional information on evidence-based guidelines, please see LSFHS Incorporated Document 2 - Guidance Based Practice Guidelines.

All prevention services must be entered into the Department's Performance Based Prevention System.

2. Media Campaign

SOR funds will be used to implement media campaigns targeting prescription opioid or stimulant misuse with messages about safe use, safe storage, and safe disposal, disseminated through various mediums (e.g., websites, television, radio, billboards, social media, direct mail, etc.), which may be coupled with prescription drug take-back boxes and events, the distribution of drug deactivation pouches, and naloxone nasal spray. These campaigns may address the risks associated with pressed, counterfeit pills that are now commonly adulterated with synthetic opioids like fentanyl.

3. Naloxone Distribution

Ensure that Network Service Providers are enrolled in the Department's Overdose Prevention Program and are providing education on overdose recognition and response, in conjunction with a minimum of two take-home naloxone kits to individuals at risk of experiencing an opioid overdose and to their loved ones that may witness an overdose.

C. Treatment

To ensure access and expansion of treatment services, the Managing Entity and Network Service Providers shall:

1. SOR- Funded Recovery Oriented Monitorings (ROMs)

- a. Coordinate with the Recovery Oriented Quality Improvement Specialist (ROQIS) to conduct (ROMs) on all SOR-funded facilities utilizing the process and protocols outlined in Guidance Document 35.

- b. Support the development of positive working relationships between the ROQIS and Network Service Providers.

2. Medication Assisted Treatment (MAT)

- a. Increase access to low barrier MAT induction.
 - 1) Expand hospital bridge programs between Emergency Departments (EDs) and community-based providers to link individuals with opioid misuse or use disorders identified in EDs with treatment and support services.
 - 2) Expand jail bridge programs between local jails and community providers to link individuals passing through jails with opioid misuse or use disorders to MAT treatment and support services while incarcerated with a seamless transition back into the community.
 - 3) Expand capacity by increasing the number MAT providers in each service area.
- b. Improve retention in care by eliminating barriers to treatment such as removing language regarding participation in other therapeutic services as a requirement in order to receive MAT. A joint letter from SAMHSA and the FDA (Food and Drug Administration) sent in May of 2023 clarified the importance of other therapeutic services as part of a comprehensive treatment plan to treat opioid use disorders, while also reiterating that supplying buprenorphine should not be made contingent upon participation in such services.

3. Evidenced-Based Treatment

Expand access to evidence-based treatment for stimulant misuse and use disorders using the following approved methods:

- a. Community Reinforcement Approach.
- b. Motivational Interviewing.
- c. Cognitive Behavioral Therapy.

D. Recovery Support

- 1. SOR-3 funds should be used to provide recovery supports including but not limited to:
 - a. Peer supports.
 - b. Recovery coaches.
 - c. Vocational training.
 - d. Employment support.
 - e. Transportation.
 - f. Childcare.
 - g. Legal assistance.
 - h. Recovery Community Organizations.

- i. Housing supports (i.e., application fees, deposits, rental assistance, utility deposits, and utility assistance).
- j. Dental kits to promote oral health for individuals with OUD enrolled in treatment with buprenorphine (i.e., dental kits are limited to items such as toothpaste, toothbrush, dental floss, non-alcohol containing mouthwash, and educational information related to accessing dental care).
- k. Recovery Housing. Providers and Managing Entities must ensure that recovery housing supported under this grant is through houses that are certified by the Florida Association of Recovery Residences, unless the house is operated by an entity under contract with a Managing Entity or by Oxford House, Inc

2. Peer Workforce Expansion

Certified Recovery Peer Specialists (CRPS) provide nonclinical support. Managing Entities should expand CRPSs capacity by:

- a. Supporting Recovery Community Organization (RCO) sustainability efforts.
- b. Supporting Bridge Programs and Coordinated Opioid Recovery Network of Addiction Care programs.

E. Behavioral Health Consultants

Behavioral Health Consultants (BHCs) are licensed clinicians or certified substance use professionals that support child welfare professionals. Using their clinical expertise, they assist child protective investigators and dependency case managers to build knowledge within front line staff in the identification of substance use disorders and behavioral health conditions, improve engagement with families, and improve access to treatment. A monthly summary is due to the Managing Entity each month by the 8th.

SOR Network Service Providers

**According to the DCF State Opioid Response (SOR) Grant Guidance System Priorities, Network Service Providers must ensure access to buprenorphine maintenance in all counties. The Block Grant-funded residential and detoxification services for OUDs may need to be re-allocated to support evidence-based methadone or buprenorphine maintenance. A portion of the \$14.6 million in recurring General Revenue funds are intended to help meet the need for methadone or buprenorphine maintenance.*

V. Grant Funding Restrictions

This is not a complete list of restrictions. For a complete list please see [SAMHSA’s Award Standard and Terms](#), [Department of Health and Human Services Policy Statement](#), and [Code of Federal Regulations](#).

A. Denial of Care

Funds may not be used by any provider that denies any eligible individual access to their program because of their use of FDA-approved medications for the treatment of substance use disorders, namely methadone, buprenorphine, and naltrexone. In all cases, MAT must be permitted to be continued for as long as the prescriber determines that the medication is clinically beneficial. Providers must assure that individuals will not be compelled to no longer use MAT as part of the conditions of any programming if stopping is inconsistent with a licensed prescriber’s recommendation or valid prescription.

B. Direct Payments to Persons Served

Funds may not be used to make direct payments to individuals to induce them to enter prevention, treatment, or recovery support services.

C. Limits on Detoxification Services

Funds may not be used to provide detoxification services unless it is part of the transition to extended-release naltrexone (Vivitrol). SAMHSA has declared that “Medical withdrawal (detoxification) is not the standard of care for opioid use disorders, is associated with a very high relapse rate, and significantly increases an individual’s risk for opioid overdose and death if opioid use is resumed.

Therefore, medical withdrawal (detoxification) when done in isolation is not an evidence-based practice for OUD. If medical withdrawal (detoxification) is performed, it must be accompanied by injectable extended-release naltrexone to protect such individuals from opioid overdose in relapse and improve treatment outcomes.”

D. Construction

Funds may not be used to pay for the purchase or construction of any building or structure to house any part of the program .

E. Executive Salary Limits

Funds may not be used to pay the salary of an individual at a rate in excess of \$203,700. This amount reflects an individual’s base salary exclusive of fringe and any income that an individual may be permitted to earn outside of the duties to your organization. This salary limitation also applies to subrecipients under a SAMHSA grant or cooperative agreement.

F. Treatment using medical marijuana

SAMHSA grant funds may not be used to purchase, prescribe, or provide marijuana or treatment using marijuana. See, e.g., 45 CFR § 75.300(a) (requiring HHS to ensure that Federal funding is expended in full accordance with U.S. statutory and public policy requirements); 21 U.S.C. 812(c)(10) and 841 (prohibiting the possession, manufacture, sale, purchase, or distribution of marijuana).

G. Meals

Food/meals, snacks, drinks cannot be purchased with SOR funds.

H. Other funding sources

SOR funds shall not be utilized for services that can be supported through other accessible sources of funding such as other federal discretionary and formal grant funds, non-federal funds, third party insurance, and sliding self-pay among others that the individual can meet criteria to access those funding sources.

I. Sub-grantee travel

Travel is not allowable for sub-grantees unless the travel is tied to a service. For consideration each Managing Entity may develop a detailed budget to be submitted annually with the grant budget for SAMHSA approval.

J. Conferences

Conference registration fees are not allowable to sub-grantees unless the expense has been detailed in the budget justification narrative and approved by SAMHSA and the Department.

K. Promotional items

SAMHSA grant funds may not be used for Promotional Items. Promotional items include but are not limited to clothing and commemorative items such as pens, mugs, cups, folders, folios, lanyards, and conference bags. For additional information see, HHS Policy on the [Use of Appropriated Funds for Promotional Items](#).

L. Comingling of grant funds

Per SAMHSA’s Award [Standard Terms and Conditions](#), SAMHSA funds must retain their award-specific identity – they may not be commingled with state funds or other federal funds. “Commingling funds” typically means depositing or recording funds in a general account without the ability to identify each specific source of funds for any expenditure.

VI. Required Reports

The Network Service Provider shall submit the following applicable report(s):

1. **RCO Monthly Report** – A monthly report displaying activities of the RCO for the month and is due to the Network Manager by the 8th of each month. The Template for this report is incorporated herein.
2. **Jail Bridge Report** – A detailed report of the services and activities performed monthly, and the progress of the Jail Bridge program in meeting the performance measures, goals, objectives, and tasks described. The report is due monthly to the Network Manager by the 8th of each month. The template for this report is incorporated herein.
3. **Hospital Bridge Reports** – A detailed report of the services and activities performed monthly, and the progress of the Hospital Bridge program in meeting the performance measures, goals, objectives, and tasks described. The report is due monthly to the Network Manager by the 8th of each month. The template for this report is incorporated herein.
4. **Paramedicine Program Report** – A detailed report of the services and activities performed monthly, and the progress of the Paramedicine Program in meeting the performance measures, goals, objectives, and tasks described. The report is due monthly to the Network Manager by the 8th of each month. The template for this report is incorporated herein.
5. Ad Hoc and additional reporting may be required as determined necessary by LSF Health Systems or the Department of Children and Families.

VII. Grant Fiscal Year

The SOR Grant fiscal year is September 30th through September 29. All invoices for services rendered during the grant fiscal year should be submitted on or before November 30.

For services billed through Florida’s State Opioid Response (SOR) 2 Grant Project, Network Service Providers and Vendors must follow the requirements set forth by the DCF guidance document entitled: Florida’s State Opioid Response (SOR) 2 Grant Project Guidance on System Priorities, Permissible Uses, and Prohibited Uses, or latest version thereof and Government Performance and Results Act Client Outcome Measures for Discretionary Programs Tool (GPRA tool), GPRA Tool Question-by-Question Guide.

For services billed through DCF's State Opioid Response (SOR) 3 Grant Project, Network Service Providers and Vendors will use DCF's guidance document entitled: DCF's State Opioid Response III Grant Resource Guide. Providers and Vendors must follow the requirements set forth by the Government Performance and Results Act Client Outcome Measures for Discretionary Programs Tool (GPRA tool), GPRA Tool Question-by-Question Guide. The most recent version of the document is incorporated herein.

All cited funding regulations are subject to any additional regulations guided by local laws in each area of implementation.

SOR will also be administered according to DCF Guidance Document 42 which can be found at following link using the applicable fiscal year: <https://www.myflfamilies.com/services/samh/samh-providers/managing-entities>
